

U N	Goal	16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
	Target	16.10 Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements
	Indicator	16.10.2 Number of countries that adopt and implement constitutional, statutory and/or policy guarantees for public access to information

I. Global indicator

<Type 2>

Indicator	Number of countries that adopt and implement constitutional, statutory and/or policy guarantees for public access to information
Definition	Public access to information refers to the presence of a robust system through which information is made available to citizens and others. It is based upon the established fundamental freedoms of expression and association, and these freedoms also both impact on the environment for public access to information.

II. Data description
