

U N	Goal	17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
	Target	17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries
	Indicator	17.19.2 Proportion of countries that (a) have conducted at least one population and housing census in the last 10 years; and (b) have achieved 100 per cent birth registration and 80 per cent death registration

I. Global indicator

<Type 2>

Indicator	Proportion of countries that (a) have conducted at least one population and housing census in the last 10 years; and (b) have achieved 100 per cent birth registration and 80 per cent death registration
Definition	The proportion of countries that have conducted at least one population and housing census and have achieved 100 percent birth registration and 80 percent death registration in the last 10 years. This includes countries which compile their detailed population and housing statistics from population registers, administrative records, sample surveys or other sources or a combination of those sources.

II. Data description

[Data ①] Countries that have conducted at least one population and housing censuses in the last 10 years	
Calculation method	Countries that have conducted at least one population and housing censuses in the last 10 years (1 = YES; 0 = NO)
Unit	-
Data sources	The progress of implementation of population and housing censuses across Member States is regularly monitored. A survey is sent to all countries soliciting detailed metadata on census methods. Information is also collected through the annual questionnaires sent to countries as part of the UN Demographic Yearbook collection.
Calendar	■ Time series: 2010-2019(Data for Korea included in 2015) ■ Data release: Irregular
Organizations	UNSD(United Nations Statistics Division) UN-DESA(United Nations-Department of Economic and Social Affairs)

[Data ②] Countries that have achieved ① 90% birth registration and ② 75% death registration

Calculation method	Countries that have achieved 90% birth registration and 75% death registration in the last 10 years (1 = YES; 0 = NO)
Unit	-
Data sources	The progress of implementation of population and housing censuses across Member States is regularly monitored. A survey is sent to all countries soliciting detailed metadata on census methods. Information is also collected through the annual questionnaires sent to countries as part of the UN Demographic Yearbook collection.
