## I. Global indicator

〈Type 4〉

<b>Indicator</b>	Dollar value of financial and technical assistance (including through North-South, South-South and triangular cooperation) committed to developing countries
<b>Definition</b>	<p>This indicator measures gross disbursements of total ODA and other official flows (OOF) from all donors for capacity building and national planning in developing countries.</p> <p>ODA is defined as flows to developing countries and international institutions which are provided by official agencies, including state and local governments, or by their executive agencies with the promotion of the economic development and welfare of developing countries as its main objective and concessional in character.</p> <p>OOF is defined as transactions by the official sector which do not meet the conditions for eligibility as ODA, either because they are not primarily aimed at development, or because they are not sufficiently concessional.</p>
